

C3 Double Reed Duck Call

Product Code: C3-BLK

Price: \$30.00

Short Description

New for 2017, the C3 Double Reed Duck call is a full-range call that features our C3™ exterior coating. This matte-finish coating delivers Comfort, Control, and Concealment.

Description

Designed with an all-new toneboard and barrel, the C3 Double Reed Duck Call is an all-purpose call with wide range of volume and tone. The most unique feature is Buck Gardner's new C3 Coating Technology™. "C3" stands for Comfort, Control, and Concealment. This exterior coating is soft to the touch, making for an ultra-comfortable mouthpiece. The coating also enhances grip for better control of the call. The unique shape where the barrel meets the insert helps the call conform to your hand for comfortable operation. Finally, the matte finish reduces glare in the field.
