**Price:** \$13.00

### **Short Description**

The Gadwall Call provides another tool in your arsenal to create realism in your set-up.

### **Description**

The Gadwall Call provides another tool in your arsenal to create realism in your set-up. Gadwall are abundant in most of the country and use the same habitat as mallards. This call is louder than other gadwall calls on the market. Each call is hand-tuned and fitted with a gunmetal band for a high-end finish.
